Activities in the Year-2016-17

Livelihood:

Enabling, Empowering and Enhancing Access to Entitlements, Sustainable Livelihood and Participatory Governance among the Marginalised Communities.

Objective:

The project contributes to the promotion of sustainable agricultural practices and off-farm livelihoods.

Interventions:

With support from CWS initiated an intervention in 7 SC/ST villages of Bagodar block in Giridih District. Under the Intervention Marginal farmers adopted livelihood opportunities through the SIFS and this has helped them slash their expenditure, quality of the farming was improved and production was hiked thus farmers earned more. Farmers Increased Consumption the by household members of the produce agriculture produces. 85% integrated farmers, out of 900, were to adopt at least 3-5 sub systems of the food diversity in their food habits. Pathways through which household agricultural activity have an influence on child nutrition. 260 farmers were trained and made aware on the Issue of food and nutrition security, SIFS, Nutrition Gardening and production of bio compost and pesticides. A major breakthrough with the project interventions focussed on women in the agriculture sector, particularly Nutrition gardens, small animal promotion, and women’s employment generation,

“BAL Muskan”- Positive deviance hearth Session

A core activity of Banwasi Vikas Ashram (BVA) is being initiated as a Community Participation Approach around the Bagodar Block of Giridih District of Jharkhand. For the sake of malnutrition status reduction, Community based approach are being emphasized where mothers among themselves are trying get aware of its causes and remedies through practical best practices activities. Positive deviance hearth sessions are being introduced as a sustainable intervention to make active community participation approach for malnutrition reduction process among the community with the tools made explored from the community level only. Local community, especially the mothers at the Annual Report 2016-2017 Banwasi Vikas Ashram, Giridih, Jharkhand, India

EMPOWERMENT OF PRIMITIVE TRIBE

Government of India has identified 75 tribes across the country as primitive tribes. Among them, Birhor is one of the primitive tribe groups who trace their origin in Jharkhand and reside for ages in different parts of the state. Birhor in Jharkhand belong to the Proto-Australoid stock; linguistically, they originate from the Austro-Asiatic group. The Birhor Tanda (hamlet) is a collection of different families of different clans for the purpose of good collection, hunting, rope making etc. Each Birhor Tanda has a head. In the CD Block Bagodhar Banwasi Vikas ashram provided assistances for the comprehensive development of BIRHOR Community for two HAMLETS. BVAs primary work is to aware and sensitize them on several relevant issues like literacy, education, personal cleanliness, health, hygiene& sanitation, improved community agriculture and involvement in other income generation activities, women and child care.

DISTER RISK REDUCTION (DRR)
Banwasi Vikas ashram organised capacity building program for project staff and selected village level Volunteers on DRR and CCA. Major focus area were “women centric Disaster Risk Reduction & Climate Change Adaptation and Children Centric Disaster Risk Reduction & Climate Change Adaptation” focussed on the deliberations to assess the child-specific impacts of droughts (climatologically disaster), malnutrition and Japanese Encephalitis/Acute Encephalitis Syndrome (epidemic and biological disaster), among others in South Chotonagpur Division where these disasters are increasing. Impacts can be age group-specific, with implications varying for infants, primary school aged children, and adolescents. The Resource person has added strength to DRR & CCA planning, prevention, mitigation and preparedness of the block and Panchyats . For the DRR prevention the DOS and Don’ts are very informative for project staff and the process of developing a Gender Equity Index for women in Disaster and Disaster like situations in Jharkhand where benchmarking can be done from the dimensions categorizing empowerment, social, economic, livelihood and political. To Support the effort, it is also in the process of developing a knowledge bank on Gender development promoting Gender Just Society focusing on Disasters and vulnerability.
